

THE BARONESS IS FREE.

Robert Wilcox's Wife Secures a Divorce.

A WIFE DESERTED IN HONOLULU.

Consul-General Mills' Nuptials—Lucien Young Writes a Book—The Pacific Cable—The Hawaiian Hotel Lease—A New Hotel May Be Built.

LONDON, Nov. 1.—A dispatch to the Pall Mall Gazette from Rome today gives an account of the troubles which led to the divorce suit just brought by the Baroness Gine Sobrero, a brilliant writer, known under the nom de plume of "Mantua," against R. W. Wilcox, the Hawaiian revolutionary leader who was sentenced to death in January for the share which he took in the rebellion against the Republic of Hawaii, and whose sentence was afterwards commuted to thirty-five years imprisonment and \$10,000 fine.

The Baroness, it appears from testimony, met Wilcox in Turin, to which city he had been sent by the Hawaiian Government to study military tactics. He spent freely, and declared himself to be heir to the throne of Hawaii.

The Baroness was smitten with the Hawaiian, and succeeded in obtaining the consent of her family to their marriage, which was eventually celebrated with great pomp.

The Baroness accompanied her husband to Hawaii, where, to her disgust and astonishment, she found Wilcox was really the son of a carpenter and a Kanaka woman. After a number of more or less romantic adventures described by the Baroness in her book, she returned to Italy, where she succeeded in obtaining a dissolution of her marriage by the church on the ground that Wilcox was not a Catholic, and now she has just succeeded in obtaining a legal civil divorce on the ground of "mistaken identity," the sum and substance of which is that Wilcox, in order to marry her, misrepresented his position.

HIS VIEWS ON HAWAII.

Lieutenant Young's Ideas About the Kanaka Kingdom.

WASHINGTON, Nov. 7.—Naval Lieutenant Lucien Young denied tonight that the President had directed that his book on "Hawaii and the Hawaiian Question" should be suppressed, or that any of his superior officers had in any way attempted to interfere with its publication. Stories to this effect had been sent out by Lieutenant Young said: "If the President or Secretary of the Navy has taken any action I haven't heard of it, and I think I'd be apt to be given early information of the fact."

"Are you going to publish it?"
"Yes."
"When?"
"I don't know."
"What is its principal character?"
"It's hot stuff."

Lieutenant Young was in Hawaii with Admiral Walker after the revolution, and delivered a red-hot annexation speech on July 4th. After Parliament Commissioned, Young made his report to the President and the Administration's policy.

These strictures came to the ears of Secretary Herbert, and he politely but firmly insisted that Lieutenant Young should remember his duty as an officer and be as guarded in his remarks in relation to the President and the Administration's policy. Now Young has put his views in the form of a book.

THE PACIFIC CABLE.

Meeting in London of Those Actively Interested in Its Early Completion.

LONDON, Oct. 29.—The Pacific cable scheme, advocated by a number of British colonies and the Dominion of Canada, made a decided advance today at a meeting of the representatives of Canada, Australia, New Zealand and the South African colonies. The meeting was held at the office of Sir Charles Tupper, the Canadian High Commissioner, and the chief point discussed was the joint attitude of the colonial representatives. The new instructions sent by the colonies to their agents' general, show that the colonies are for the most part willing to bear their share of the expenses of the cable, and that they are anxious the matter should be actively pushed. Upon the return of the Right Hon. Joseph Chamberlain, Secretary of State for the Colonies, a date will be fixed for a conference at the Colonial Office, upon which occasion it is expected definite action will be taken.

It was felt by the meeting that the exclusive concessions of Hawaii to an American cable company, if ratified, would increase the cost of the proposed Pacific cable, as the line would have to be landed at some other point.

THE BIG HAWAIIAN HOTEL.

Macfarlane Says Warfield Was Not Authorized to Apply for the Lease.

E. C. Macfarlane, one of the lessees of the Royal Hawaiian Hotel, Honolulu, was a passenger on the steamer Australia, which arrived from the Hawaiian Islands yesterday, says the S. F. Chronicle of Nov. 18. When seen at the Occidental Hotel yesterday afternoon, Mr. Macfarlane denied that R. H. Warfield, manager of the California Hotel in this city, had been authorized by himself or his brother, Colonel George Macfarlane, to nego-

tiate for a renewal of the hotel lease from the Government.

"In the first place, George Macfarlane has no longer any interest in the hotel," he said, "and has no authority to negotiate with any one in matters pertaining to its management. The hotel passed into my hands about twelve months ago. It is true that there will be a change in the management of the Hawaiian Hotel as soon as the present lease expires, which will be in the near future. A syndicate is being formed to buy the hotel property from the Government. If we cannot buy the hotel we may build another caravansary of equally spacious proportions."

A Marriage Announcement.

WASHINGTON, Nov. 7.—Cards are out for the marriage of Ellis Mills, United States Consul-General and Secretary of the Legation at Honolulu, to Cora Ritchie, daughter of Benjamin Franklin Nalle, at the residence of the latter, Bellevue, Rapidan, Va., next Saturday.

DESERTED IN HONOLULU.

Wife of a San Jose Carpenter Has a Story of Extreme Cruelty to Tell.

SAN JOSE, Oct. 28.—Court Commissioner Montgomery today filed his report in the divorce suit of Celia R. Housley against Samuel F. Housley. The parties have been married fifteen years and have a daughter 15 years of age.

In her complaint the wife alleged that, a year or so ago, Housley, who is a carpenter by trade, took his family to Honolulu and there deserted them. Mother and daughter finally managed to get back to San Jose. After a while Housley began to write to his daughter, and in one of his letters said he would return home if his wife would send him money enough to come with. Mrs. Housley says she succeeded in raising the money with considerable difficulty and sent it to him.

Housley returned to California, but instead of coming to San Jose went to Los Angeles, where he is still supposed to be. A divorce is asked for on the grounds of failure to provide, desertion and drunkenness. The defendant has failed to file an answer to the suit.

A CLAIM AGAINST HAWAII.

Another British Subject Who Wants Damages.

VICTORIA, B. C., Nov. 6.—Captain F. D. Walker, late of Honolulu, through Attorney Frank Higgins, of this city, has petitioned the British government for redress and pecuniary compensation for damages sustained in consequence of petitioner having been detained as a revolutionary suspect by the Hawaiian Government. The captain established his innocence, but for damage to character and business asks compensation to the amount of \$500.

THANKSGIVING DAY.

The Usual Proclamation Issued by President Cleveland.

WASHINGTON, Nov. 4.—President Cleveland today issued his proclamation designating Thursday, November 28th as Thanksgiving day. The proclamation is as follows:

The constant goodness of Almighty God, which have been vouchsafed to the American people during the year just past, call for the sincere acknowledgment of devout gratitude. To the end, therefore, that we may with thankful hearts expelling the loving care of our Heavenly Father, I, Grover Cleveland, President of the United States, do hereby appoint and set apart Thursday, the 28th day of the present month of November, as a day of thanksgiving and prayer, to be kept and observed by all our people.

On that day let us forego our usual occupations, and in our usual places of worship join in rendering thanks to the Giver of every good and perfect gift for the bounteous returns that have rewarded our labors in the fields and in the busy marts of trade, for the peace and order that have prevailed throughout the land, for our protection from pestilence and dire calamity and for other blessings that have been showered upon us from His open hand.

And with our thanksgiving let us humbly beseech the Lord to so incline the hearts of our people unto Him that He will not leave us nor forsake us as a Nation, but will continue to us His mercy and protecting care, guiding us in the path of national prosperity and happiness, endowing us with rectitude and virtue and keeping alive within us that patriotic love for free institutions which has been given us as our national heritage.

And let us also on the day of our thanksgiving especially remember the poor and needy, and by deeds of charity let us show the sincerity of our gratitude.

HOW TO PREVENT CROUP.

SOME READING THAT WILL PROVE INTERESTING TO YOUNG MOTHERS HOW TO GUARD AGAINST THE DISEASE.

Croup is a terror to young mothers and to them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by all dealers. WILL MOVE ON TURKEY.

The Powers Make Ready for Decisive Action Soon.

LONDON, Nov. 6.—The Porte has replied to the identical representations of the Powers that the reserves are being summoned to stop the outrages upon the Armenians. The Powers, however, consider that these measures are inadequate. It is rumored decisive European action is imminent.

A great demonstration was announced for Friday, but the Sultan, fearing the consequences, notified the Turkish newspapers of his intention to proclaim a constitution, whereupon the demonstration was countermanded. The Sultan then ordered the papers not to publish the announcement and arrests began to be made. Late evening the Sultan raised the Turkish flag at Sedit Pasha. A fight ensued and several persons were killed.

A fresh crop of revolutionary placards was scattered broadcast. Even at the Porte's House a letter was found giving the Sultan the alternative of abdication or assassination.

Reports are reaching the embassies from all directions of wholesale massacre and the victims now include Greeks and Maronites.

The report is gaining ground, even in diplomatic circles, that the Sultan has ordered the extermination of the Armenians en masse. The excitement is spreading to Syria, Bagdad and Mosul.

The British Consul, Hampshire, telegraphs from Samsun that the distribution of relief has ceased there, and that the missionaries have been obliged to leave. The embassies do not make any secret of the fact.

According to the most recent reports (circulated), Kiamit Pasha will be replaced as Grand Vizier by Said Pasha, formerly Grand Vizier.

REVOLT IN CHINA.

Heavy Fighting Expected—Army to Be Reorganized.

ST. PETERSBURG, Nov. 4.—The rebellion of the Dongans in the northwest portion of China is extending rapidly, and now embraces the whole of the province of Kachan. The Chinese Government has dispatched all the troops of the garrison of Kashgar to the scene of the uprising, and has appointed Li Hung Chang Imperial Commissioner Extraordinary to direct measures to suppress the rebellion.

BERLIN, Nov. 4.—The Vossische

Zeitung today says that Colonel von Hannekin, the German officer who was military assistant to Viceroy Li Hung Chang, has arrived in this city from China, charged with a special mission and fully empowered to arrange for the reorganization of the Chinese army on the Russian, French or German model.

No Treaty With Japan.

SEOUL (Coria), Nov. 6.—I am enabled to tell you that Count Ito, the Japanese Prime Minister, says that no political treaty exists between Japan and Russia.

JOHN A. COKERILL.

ST. PETERSBURG, Nov. 6.—I have it on the best of authority that the treaty concluded between Russia and Japan is of a purely commercial character. It has, therefore, none of that significance which alarmists in Paris have striven to give it. The Russian fleet never received instructions to winter at Port Arthur.

Court doctors are now awaiting the announcement of the Empress. Her Majesty's condition is highly satisfactory.

FOR THE LENZ KILLING.

Armenians and Kurds Arrested To Be Tried at Once.

WASHINGTON, Oct. 31.—The State Department this morning received information by cable from Minister Terrell at Constantinople that certain Kurds and Armenians have been arrested for the murder of Frank Lenz, the young Pittsburgh bicyclist, who was killed while making a tour of the world on his wheel.

Mr. Terrell says in his dispatch the alleged murderers are to be tried at Erzeroum, and that United States Government is represented at the trial by the British Consul, who was killed while making a tour of the world on his wheel.

It is presumed Robert S. Chilton of the State Department, who was sent to Erzeroum to establish a consulate there, has not reached his post, and that is the reason the British Consul, who has been very zealous in attempting to bring the murderers of Lenz to justice, will act.

Try to Sink His Boat.

LONDON, Nov. 6.—A special dispatch from Shanghai, published today, says that while the former British Minister at Peking, Sir D. R. O'Connor (who has been appointed British Minister to Russia) and his family were leaving Peking their boat collided at Tung Chow with a craft filled with Chinese soldiers. A scuffle is said to have ensued, during which sticks were freely used. Other soldiers on the river bank, it is added, joined in the disturbance by heaving rocks with the apparent object of sinking the British official's boat. The matter, it appears, was hushed up in order to avoid complications.

Attack a Village.

HAVANA, Nov. 2.—A band of about 800 insurgents recently attacked the village of Sabana, Province of Santa Clara, while the volunteers who compose the garrison were doing farm work. The insurgents burned sixty houses, and a desperate fight took place between them and a small detachment of troops sent to the assistance of the village from Camajauri. Five volunteers and two civilians were killed.

NEW YORK, Nov. 2.—The Havana Herald special says: The Government telegraph Marshal Campos today that the Ministry will unanimously approve whatever he may do or deem convenient in Cuba. Senor San Pedro has been appointed civil Governor in Pina del Rio.

Must Pay for the Elbe.

ROTTERDAM, Nov. 6.—The Court here which has been taking testimony in the case of the North German Lloyd steamer Elbe, sunk in collision with the British steamer Cralthe, of Aberdeen, on January 31st of the present year, involving a loss of 335 lives, has rendered a final decision, holding the Cralthe wholly responsible for the disaster, and condemning her owners to pay the North German Lloyd Company's claim for the total loss of the Elbe, with interest at 6 per cent, and ordering the sequestration of the Cralthe pending payment.

Chinese Indemnity.

LONDON, Oct. 30.—Over \$5,000,000 sterling will be transferred tomorrow to Japan by the Bank of England as the first payment of the Chinese indemnity. It is thought \$3,000,000 will be used immediately to pay debts incurred for ships and war material. It is expected the balance will be wanted soon in payment for more ships and munitions already ordered. It is not considered likely that any gold will be taken out of the banks, but it is possible some gold will be used for the purchase of silver.
